

1 CLAIM: A new and distinct variety of peach tree,  
2 substantially as illustrated and described, characterized by  
3 its large size, vigorous, upright growth and a regular and  
4 productive bearer of large, very firm, non-melting, yellow  
5 flesh, clingstone fruit, which after being canned maintains  
6 excellent fruit shape, texture and appearance with good  
7 flavor and eating quality, and in comparison to the canning  
8 variety 'Andross' Peach (non-patented), the new variety has  
9 firmer flesh, greater resistance to bruising and browning,  
10 more attractive appearance after being canned and is 1 to 2  
11 days earlier in maturity.
